Fresher's Reception Program Held

Fresher's Reception of Diploma in Engineering (Textile, Telecom, Computer, Electrical & Civil) Program 2010 was held on 9th November 2010 in DIU Auditorium. The Honorable Chairman of BSDI and Daffodil Group, Mr. Md. Sabur Khan presided over the program. The Chief Guest of the program was Mr. Obaidul Quader, MP, the Honorable President of Parliamentary Standing Committee on Ministry of Information where the Director of PIU-DTE, Mr. Abdul Gafur was present as the Special Guest. Among others, the Principal of BSDI Mr. Mohammad Nuruzzaman, Academic Advisor of BSDI

Engr. Md. Azharul Islam (former Principal of Dhaka Polytechnic) and Deputy Director of BSDI Mr. K. M. Hasan Ripon were also present at the occasion. BSDI Students, Guardians, Journalists and high officials of Daffodil Group were also present at the program. Mr. Obaidul Quader, MP highlighted the importance of Technical Education and its fastest growing demand in the global

job market. He appreciated BSDI for its initiatives in providing technical education and contribution in developing skilled manpower. The Program ended with grand cultural program by BSDI students.

Advanced Workshop on Electrical Engineering held

The department of Electrical and Electronics of BSDI organized a three days long Advanced Workshop on Electrical and Electronics. The workshop

took place from 18th -20th August, 2010. The Honorable Chief Instructor of Dhaka Polytechnic Mr. Lutfur Rahman conducted the whole session where Mr. Masud Alam and Mr. Fokhrul Abedin, Sr. Instructors of BSDI were present as workshop facilitator. The workshop was specially organized for the students of 3rd and 5th semester of Electrical

Engineering department. It was an interactive session, where the students gathered both practical and theoretical knowledge on basic and advanced electrical and electronics. The workshop came to a live event with the Q/A session. At the end of the event all the participants were awarded certificates. It may be mentioned here that, BSDI organizes workshop and training session for the development of skills and enriching knowledge of its students.

Honorable Principal of BSDI Mr. Mohammad Nuruzzaman is delivering his speech on the foundation class commandment.

Foundation Class Commandment for Diploma in Engr.

Bangladesh Skill Development Institute (BSDI) starts Foundation Class for the Diploma in Engineering Pro-

gram (2010-11 sessions) held from 10 August to 17 October 2010. Mr. Mohammad Nuruzzaman-the Principal of BSDI and K. M. Hasan Ripon-the Deputy Director of the Institute took

part in the event for Commandment Session. Engr. Md. Azharul Islam, Academic Advisor and all the teachers were also present there. The main discussion of the session was, 'Students should be studious and loyal to the study'. There were 240 students participated in the program. At the end of the program departmental teachers distributed the class routine to the students and started fundamental classes.

"A real life experience of taught skills makes the learning effective."

Study Tour at 'Sylhet'

A real life experience of taught skills makes the learning effective. BSDI arranges special study tour and expedition in different industries to give students a real flavor of work and learning. On its accordance, the students of Diploma in Engineering (2007-08 Session) of Telecom & Computer Departments were taking a study tour to Microwave Station; Sylhet from

05/05/10 to 07/05/10 morning. It was a very pleasant tour and they visited Microwave Sub Station, & Radar Station and learnt about its operation by the help of the authority. BSDI Instructor Mr. Masud Alam, and Chief Instructor of Sylhet Polytechnic Institute Mr. Lutfur Rahman guided the students during the journey.

They also enjoyed the sight-seeing along with industry visits.

Academic Advisor is signing in the students farewell book

Farewell Program for the final semester students

On the Aug, 6 Students of Diploma in Engineering 2007-08 session organized a fare-

well program for the 8th Semester Students of Diploma in Engineering 2006-07 Session which was held at BSDI 2nd campus Auditorium. Honorable Principal Mohammad Nuruzzaman was present at the pro-

gram as the Chief Guest where Deputy Director of BSDI Mr. K M Hasan Ripon and Academic Adviser Engr. Md. Azharul Islam were also present as Special Guests. Also all departmental teachers and others were present at the program. Special wished have been made in the speech of the chief guest. The Program Started at 12 noon and finished at 4pm.

Fundamental Workshop on 'C' Programming

On 30th September 2010, a day-long fundamental workshop on 'C' Programming Lan-

guage was organized by the Department of Electrical and Computer Engineering at BSDI. Mr Nazmul Hasan, the Instructor of BSDI was present as the workshop speaker. This workshop was intended for the students of 3rd and 5th

Semester of Electrical Engineering Department. Students gathered both practical and theoretical knowledge on basic 'C' Programming Concept and its structure. It was an interactive session and the live presentation made it more effective. At the end of the event Certificate was awarded to the participants. Mr. K. M. Parvez Bobby, Assistant Manager of BSDI was the facilitator of the event.

Special Workshop on Call Center Held

Globalization has extended the scope of business operation at any corner of the world. As the business scope is expanding, the importance and demand of Call Center is also growing very high. Besides developed countries, many of the developing countries have started the call center operation and young generations are coming ahead to build their career with Call Centers. Call Center industry can be a very potential sector to earn revenue and thereby it's growing in Bangladesh. Our young generation is interested to work with call center for its work pattern and to face the challenges.

Due to lack of training and skills, they fall behind. Realizing the fact, on

August 5, 2010 BSDI and Jobsbd.com jointly organized a workshop on Call Center at Daffodil International University Auditorium. The key note speaker of the workshop was Mr. K. M. Hasan Ripon, Deputy Director of BSDI. Students and professionals took part in the daylong event. A brief description on

call center operation, tips on its work models & techniques to excel career were briefly described in the workshop. Real life experience was also shared by BSDI students who are now working as Call Center agent. At the end of the workshop all the participants were awarded certificates.

BSDI gets Textile Engineering Affiliation

Bangladesh Technical Education Board (BTEB) has given affiliation to BSDI to run Diploma in Textile Engineering from 2010-11 sessions. With this newly achieved affiliation, another technology has been added in Diploma in Engineering Department. It

may be mentioned BSDI started Diploma in Telecommunication and Computer Technology in the year 2006, Civil and Electrical Engineering in 2008. From now, students will get opportunity to study in their chosen field, choosing anyone from the

mentioned five technologies. BSDI is the only institution in Bangladesh where students get opportunity to complete their Diploma to M.Sc under one umbrella.

Students of BSDI attended the Provat Feri on 21st February.

"BSDI is the only institution in Bangladesh where students get opportunity to complete their Diploma to M.Sc. under one umbrella."

“Quality Education means both education on academic subject and knowledge on cultural & social affairs. BSDI ensures total education through its students socio cultural activities”

Students performance at Victory day Celebration Program

BSDI Observes Victory Day

Bangladesh Skill Development Institute (BSDI) observed Victory Day with due respect, saluting the martyrs who made supreme sacrifice during the Liberation War. The program was organized at its Dhanmondi Campus Auditorium where students, teachers and Freedom Fighters took part to pay tributes

to the national heroes. The program started with recitation from the Holly Quran. The program turned into a live event while students, teachers and guests sang the National Anthem. The program was segmented into different parts.

There were cultural program and special talk show to mark

the auspicious occasion. BSDI students participated in the cultural program. In the talk show two respected Freedom Fighters Mr. Haji Abdul Latif (Sector 2, Anchal-Akhawura) & Mr. Fazlur Rahman (Sector 9, Anchal-Jessor-Chowgacha) shared their feelings and memories of the liberation war with the students. There was pin drop silence while listening to the freedom fighters. The Deputy Director of BSDI Mr. K. M. Hasan Ripon presented the talk show where the Academic Adviser of the institute Engr. Md. Azharul Islam was present.

New Teachers at BSDI

Six new teachers have joined at Bangladesh Skill Development Institute (BSDI) in Telecom/Civil/Textile/Electrical departments. The newly joined teachers are: Mr. A. F. M. Samsuzzaha, Mr. Baitul-Al-Sadi, Mohammad Showkat Alam, Breezy Chowdhury, Humaira Binte Haider

It may be mentioned here that, BSDI maintains quality of education though adding experienced teachers, learning facilities and ensuring study environment. It is the only institute in Bangladesh, where, students get the opportunity to complete up to M.Sc. from Daffodil Interna-

tional University and also assist the students to transfer credits to the renowned universities worldwide. A job portal, named jobsbd.com is working for student’s employment through skill development training.

BSDI organizes TOT for its teachers

Bangladesh Skill Development Institute (BSDI) organized a two days long Training of Trainers program for the internal teachers of BSDI on

20-21 June 2010. Mr. K. M. Hasan Ripon, Deputy Director of BSDI conducted the whole session. The training module of the TOT was de-

veloped by the ILO-TVET project team led by Mr. Francis De Silva, Advisor of ILO TVET Reform Project (Component 4).

ABOUT BSDI

In the year 2002, Bangladesh Skill Development Institute (BSDI) came in light with the platform of Daffodil Education Network. In the short span of time BSDI has already proved itself as an "Excellence" in providing IT, Business & Management training. It was possible for maintaining strong quality control procedure through the experienced faculty & Management team. BSDI provides those qualifications which are essential for today's competitive job world. The success of the institute can be easily marked by its student's achievement ratio in the job market which has brought it in a prestigious platform where BSDI is standing today. BSDI is working with the vision to develop the human resources of Bangladesh through hands on training. To provide the quality education BSDI has already affiliated with many local and international awarding bodies and universities. Some of names may be mention here:

Bangladesh Technical Education Board, Corporation of Executives and Administrators-UK, International Innovative College-Malaysia, School of Fashion and Arts-India, Addvalue Training Solution-India.

Beside the regular training program BSDI also provide customized corporate level training on Business and IT skills for the professional of different National / Multinational / International organizations according to their need. Some valued Clients are: FAO, CARE Bangladesh, Save the Children, SCB, Katalyst, BAT, Islami Bank, NTV, ATN
